

Topaz

VERSATILE POS SOLUTION FOR C-STORES

Topaz provides all of the tools that today's convenience retail operators require including integrated fuel control, tank level sensors, barcode scanners, electronic price signs, car wash controllers, back office applications, integrated loyalty programs, multiple site management software, fleet card and financial network services, money order, coin changers, and food service kiosk systems.

Topaz also features a rich library of reports that are loaded with vital information that enable store managers and site owners to better understand and manage their business. Topaz is compatible with both the Sapphire Site Controller and the NEW IP-based Commander Site Controller.

Topaz supports the latest VeriFone product offerings which include media solutions for customer engagement, site management software to efficiently manage multiple locations seamlessly, and the latest in fuel control management. With Topaz all aspects of convenience store management can be easily performed with one centralized device.
